

Technical characteristics

13.56 MHz
868 MHz

- Easy Door Controller - Ipassan encoder.
- The encoder is used to program the keys with numbers of Easy Door Controllers.
- It also enables to enrol keys in IPassan Manager without having to type all 8/14 characters of the UID (avoids typing mistakes).
- It is connected to the PC via a USB cable (supplied) and is used with our free websites www.easydoorcontroller.com or www.ipassan.com
- It is part of the Starter Kit Easy Door Controller GB-140-170 as well.
